

ONE-DC

THE VOICE OF NURSE LEADERSHIP IN THE DISTRICT

Call for Membership

ONE-DC formed an affiliate of the American Organization of Nursing Leadership in 2019 to unify and promote nursing leadership practice throughout the District of Columbia. The function of ONE-DC is to promote nursing leadership as an important specialty practice within the discipline of nursing. Nurse leaders support excellence in health care by impacting the quality of patient care in all settings, mentor nurses to implement evidence-based practice, collaborate with academic partners to guide the education and development of nursing practice, promote the cost effective delivery of care, and build a workforce to address the current and future needs of the community.

Benefits

1. Develop your professional network by collaborating with nurses from every level of practice. Collaborate with a diverse group of nurse executives, managers, front line nurses, advanced practice nurses, educators, clinical experts and consultants to improve patient care, build a stronger workforce and attend educational sessions.
2. Gain influence over developing policies, priorities, and committee structure.
3. A platform for consultation and direction within the health care field to speak on nursing health care issues.
4. Share information to nursing and other health care disciplines.
5. Be part of a group that provides cohesiveness and mutual support to nursing.
6. Collaborate with nursing and health care professionals to resolve issues.
