A Tool to Advance Health Equity

CRISP DC – The District Designated HIE

Our Mission

We will enable, support and promote whole-person care in the District of Columbia and the region by appropriately and securely sharing data to facilitate efficient care and improve health outcomes.

Our Vision

To advance health with a commitment to equity by deploying health information technology solutions adopted through cooperation and collaboration with District stakeholders.

The DC HIE is a Health Data Utility with Six Core Capabilities for Providers

Critical Infrastructure
(e.g. Encounters and Alerts)

ADT Alerts

Health Records

Patient Snapshot

Image Exchange

Accessible via InContext

Consent to Share Data

Consent to Share SUD Data

- 42 CFR Part 2 Data (Phase I)
- Prevention of Harm Form
- Other types of consent (Phase II)

Accessible via InContext

Registry and Inventory

Care Management Registry

Advance Care Planning

Accessible via InContext

Simple and Secure Messaging

Provider Directory

- Includes contacts from:**
 - > 6M Practitioners nationwide
 - >47,800 DC/Local Practitioners
- Includes data from:**
 - 650 national sources
 - 20 DC/Local Data sources

Accessible via InContext

Health Related Social Needs (HRSN)

Referral and Screening

- SSO to findhelp's LinkU to capture HRSN screening assessments, closed-loop referrals, and access HRSN resource directory

Advanced Analytics for Population Health Management

PopHealth Analytics

- Supporting population and panel level management across providers through advanced analytics dashboards

CRISP DC Consent Consent History

Identity Validation and Education Attestation

Next

Patient Identity Verification

I hereby attest that I have validated the patient's identity and obtained consent from this patient in accordance with the terms stated above.

Patient Education Attestation

I hereby attest that I have informed the patient named in this consent to the terms of this consent and answered all questions to the best of my ability.

Signature/Attestation

Check Here if you are the patient's Legal Guardian, Parent, or Legally Authorized Representative.

Patient Signature

I acknowledge that I have read this consent form and understand that as indicated on this form, my Substance Use Disorder treatment information may be shared with CRISP who may then share it with members of my health care team who participate with CRISP.

Advance Care Planning

The screenshot shows the MyDirectives Training interface. The top navigation bar includes the MyDirectives logo, user information (elite training, MD | ADV Healthcare Maryland - Office...), and a search icon. Below the navigation bar, the page title is "MyDirectives Training" with patient details: Gender: Female, Date of Birth: 01/01/1990. A sidebar on the left contains several menu items: Patient Summary, Name a Healthcare Agent (1), View Signature, Digital Advance Care Plan (Signed), Document Upload (2), Portable Medical Order, State Advance Directive, Mental Health Directive, and Record a New Video. The main content area is titled "Patient Summary" and displays the following information:

- Name:** MyDirectives Training [Resend Welcome Message](#)
- Address:** 123 Main, Dallas, TX 75204
- Email:** lmcdonell@advaultinc.com
- Phone:** (615) 830-0546
- Username:** lizmcdonell

My advance care directives can be found at: <https://secure-ui-training.mydirectives.com/qr/77335ed>

Making the Connection

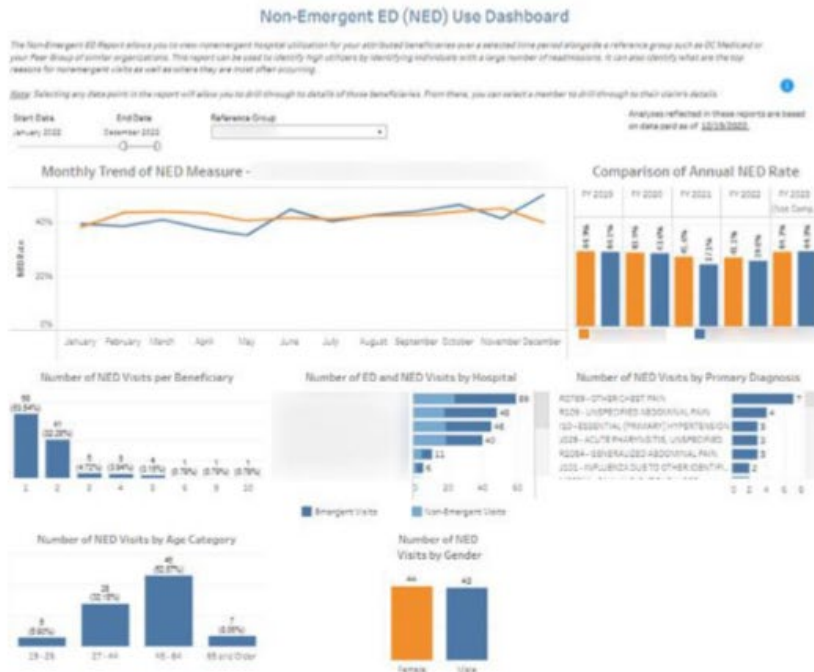

PopHealth Analytics

The reporting suite includes several types of reports, such as:

- ✓ Population Navigator Tool
- ✓ Population Summary Reports
- ✓ Utilization and Quality Reports
- ✓ Pediatric Health Reports (EPSDT)
- ✓ CMS Core Set Measures Report
- ✓ Prescription Drug Reports
- ✓ Skilled Nursing Facility Report
- ✓ Medicaid Payment Reports
- ✓ Medicaid Redetermination Report
- ✓ HIV-related Utilization Reports
- ✓ Social Determinants of Health Map & Report

What Can You Achieve with Our Reports?

Our reports empower you to:

- Analyze patient demographics and metrics to better understand your patient population.
- Track your performance on nationally recognized quality measures.
- Transform data into clear visualizations for easy communication and collaboration across clinical and non-clinical settings.
